1.Fabric Types(background) for Embroidered Patches

Generally, Here are the mainly materials used for embroidery patches products: Twill,Felt,Satin,Leather,PVC,Velvet,etc.. Twills are most generally used as the background in a patch.

2.Border style(edge) for Garment Patches

We offer 3 border styles,Merrow(overlock), Heat cut(stiched), and laser cut. The merrow borde is most popular with simple shaped patch designs. For the complicated patch designs,it can't do the merrow border. A hot cut border is recommended for iron on backing patches..Laser cut border usually use for some very complicated patch designs to get a patch shape without extra background..

3.Backing of Embroidery Patches

You can choose Iron on(Heat press),Sew on(no backing),Hook&loop (Velcro),Peel& stick(self-adhesive),pin on,etc.

4.Thread for Embroidered badges

The thread on an embroidered patch make up the individual stitching found in the details.We can provide different kinds of threads for options. like Polyester Thread, Rayon Thread,metallic thread,Luxury threads,reflective threads,etc..

Application for Logo Patches

Iron on logo patches ,embroidery patches, fabric embroidered badges is often seen in our daily life on garment clothes, caps hats , bags ,shoes and other logo brand etc.

The Significance of Custom Embroidered Patches:

Custom fabric patches serve as a form of self-expression, allowing individuals to showcase their interests, affiliations, and personal style.

Whether it's a favorite band, sports team, or political statement, patches can convey a wide range of messages without saying a word. In the world of Garment, patches are often used to signify logo brand, or simply add a touch of personality to an otherwise plain garment.

Packing and Delivery :

Embroidered patches is usually packed with 100pcs in bag, then 1000 or 2000pcs in carton surely we can pack the logo pack as your requirements

Delivery time for custom logo patches is 7-20days as per your order quantity.

Shipping by EXPRESS (DHL/UPS/FEDEX) , by AIR , by SEA , all is ok if need

FAQ for Brand Logo Patches :

What is your minimum / maximum order?

We do not have a minimum or maximum order. Any qty is welcome, we can support your business with small qty.

What is your general sample lead time and production lead time?

Generally, our sample lead time is 3-7 days. If a rush request, we can make for you within 1-3 day!

For mass production lead time, it will take 7-20 days. If the order quantities are enough big, we can discuss and help you with the asked date to deliver.

How many colors can I choose for my embroidered patch? And how do I choose the colors?

The Max. colors you can choose no more than 11 colors due to the machine's limit. You can advise a Pantone color number, then we can use our thread to match the number.

Will I be able to see a sample of my patch before they are bulk production?

Yes, we offer the artwork for your checking, then making sample for your approval, before bulk production, so if any changed, we can adjust, so that no mistake in order.
