Application for Vacuum handle Mug

40 oz tumbler with handle Car Cup Vacuum cup water bottle with handle

About this big capacity vacuum flasks

YOUR DREAM TUMBLER: Whichever way your day flows, the vacuum cup tumbler keeps you refreshed with fewer refills. Double wall vacuum insulation means drinks stay cold, iced or hot for hours. Choose between our 20oz, 30oz, 40oz options depending on your hydration needs. The narrow base on all sizes fits just about any car cup holder, keeping it right by your side.

ADVANCED LID CONSTRUCTION: Whether you prefer small sips or maximum thirst quenching, this 304 stainless steel car cup has

developed an advanced FlowState lid, featuring a rotating cover with three positions: a straw opening designed to resist splashes with a seal that holds the reusable straw in place, a drink opening, and a full-cover top for added leak resistance. We've also included an ergonomic, comfort-grip handle, so you can easily carry your ice-cold water to work, meetings, the gym or trips out of town.

Packing and Shipping

This vacuum water bottle with handle is packed in white box safely, then 25pcs in carton shipping by air and by SEA , as your requirements
