The Non-woven shopping bag is available in various GSM options ranging from 60gsm to 120gsm. This ensures that the bag is lightweight yet sturdy enough to carry your essentials without breaking. Its non-woven material is perfect for printing custom designs and logos, making it an excellent promotional tool. Whether you want to promote your brand or spread awareness about a cause, this bag is an ideal choice.

The Non-woven shopping bag is a sustainable solution to the environmental problems caused by single-use plastic bags. The bag is reusable, and its durability ensures that it can be used multiple times, reducing the amount of waste that ends up in landfills. Its eco-friendly nature makes this bag a perfect choice for environmentally conscious shoppers who want to make a difference.

Overall, the Non-woven shopping bag is a must-have product for anyone who wants to make a positive impact on the environment. Its durable material, high weight capacity, and customizable artwork make it a perfect choice for businesses, events, and individuals. So, whether you are shopping for groceries or promoting your brand, the Non-woven shopping bag is the perfect choice for you!

Application :

One of the most common applications of this product is as a Reusable Fabric Grocery Bag. It is sturdy and durable, capable of holding heavy items and reducing the need for single-use plastic bags. Whether you're shopping for groceries, clothes, or other items, this nonwoven shopping bag is an excellent choice.

Another scenario where this product comes in handy is for promotional events. YISON nonwoven laminated tote bags can be customized with your company's logo and artwork, making them a great marketing tool for tradeshow, conferences, and other events. The Silk Screen Printed printing craft ensures that your branding is clear and long-lasting.

These bags are also great for everyday use, whether you're running errands or going to work. They are lightweight and easy to carry around, making them perfect for commuting or traveling. With a range of GSM options from 60gsm to 120gsm, you can choose the thickness that best suits your needs.

Finally, these bags are an excellent choice for nonprofit organizations and charities. They can be used to distribute food, clothing, and other essential items to people in need. The Heat Transfer printing option makes it possible to print logos and messages with high quality on the bag.

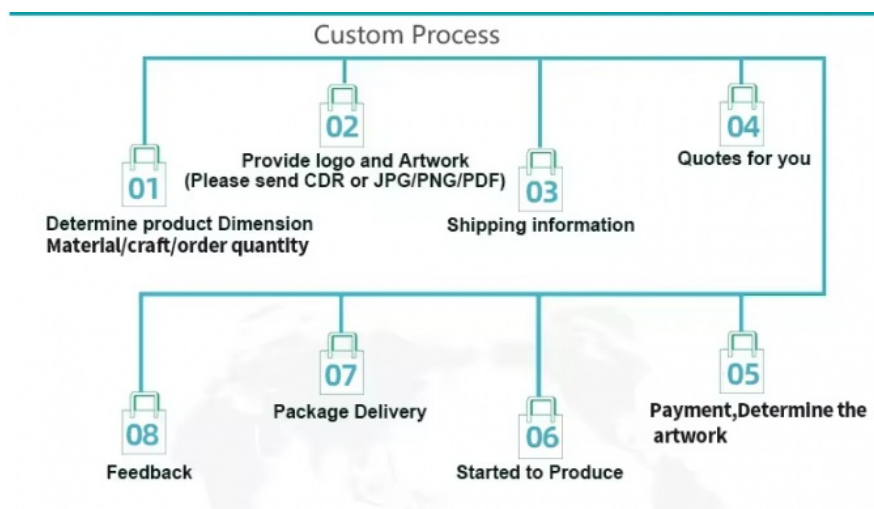

In conclusion, YISON nonwoven laminated tote bags are a versatile and eco-friendly product that can be used in a wide range of applications. Whether you're looking for a reusable grocery bag, a promotional tool for your business, or a way to give back to your community, these bags are an excellent choice. With a minimum order quantity of 500, you can get your customized nonwoven shopping bags at a cost-effective price and contribute to the environment.

Customization :

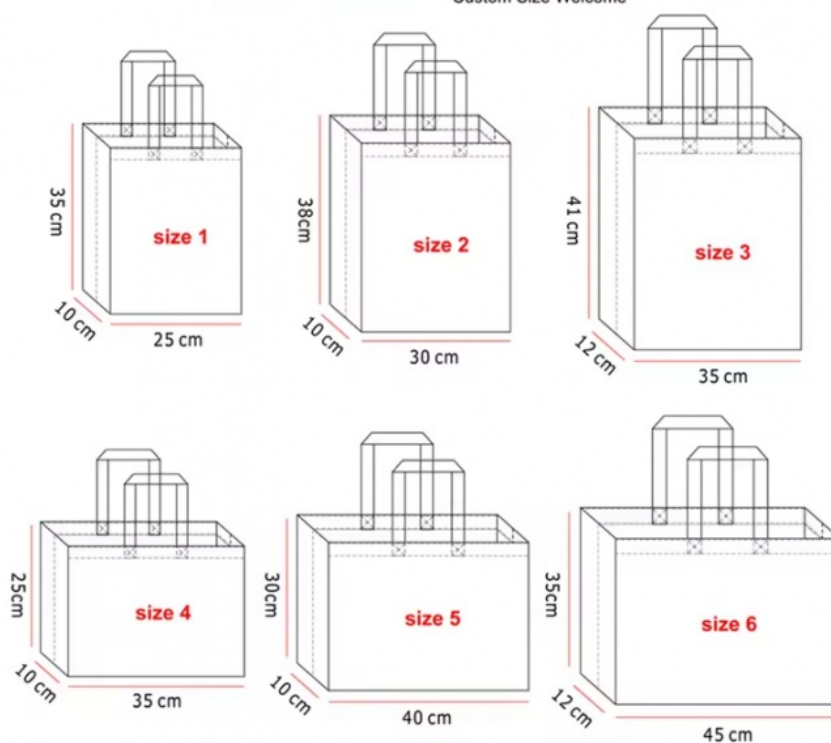

We offer Silkscreen and Heat Transfer printing options for customization of your Non-woven Shopping Bag. The bag does not have a gusset but can have a customized logo printed on it. Please note that this bag is not waterproof and is made of Non-woven material.
