Our vacuum cups come in a variety of sizes and designs, ranging from 400-1200ml. The screw-on lid ensures that your drink stays securely in the cup and doesn't leak. Whether you're on the go or taking a break at the gym, our vacuum cups are the perfect companion for your active lifestyle.

The sports bottles are designed with the same leak-proof screw-on lid, making them ideal for outdoor activities such as hiking, camping, and biking. The Stainless steel material ensures that you stay hydrated without any harmful chemicals leaching into your drink. With a capacity of 900ml 30oz, you'll have enough water to last for hours.

For coffee lovers, our travel mugs are a must-have. The vacuum insulation keeps your coffee hot for hours, so you can enjoy your favorite drink on the go. The screw-on lid ensures that your coffee stays in the mug and doesn't spill. With a capacity of 400-500ml, you can take your coffee with you wherever you go, whether it's to work or on a road trip.

All of our vacuum cups, sports bottles, and mugs are easy to clean. Simply rinse them out with soap and water, and they're ready to use again. With their durable construction and leak-proof design, these containers are the perfect choice for anyone who needs a reliable and convenient way to stay hydrated on the go.

We offer a variety of transportation methods.

FAQ :

Q: Are you a factory or trading company?

A: We are a professional Sourcing Trade Company ,can help you with suitable and reasonable solution with door to door service

Q: What is your minimum order quantity?

A: Our regular MOQ is 500pcs to custom logo per model, but we also have some models keep in stock always for low MOQ such 50pcs or 100pcs. We are happy to custom samples for you to test the quality before bulk order.

Q: Can you customize Private label ?

A:Yes, we're happy to customize private label products and the OEM service. We have design team to help your ideas come true.

Q : How to guarantee quality of our product?

A : Quality is the first important thing!

- 1) For every SS vacuum finished product, should have passed more than 1 hundred time of inspection, because QC checking on each production process.
- 2) For vacuum test, we would do 3 times check.
- 3) For every finished S/S vacuum flask, we would do 1 month vacuum resistance test
- 4) We have QC checking quality too during package.

Q: How long is the production leadtime?

It takes around 30 days for MOQ. We have large production capacity, which can ensure fast delivery time even for large quantity.
