Application :

- Imagination is your only limitation: Buy them bulk for your DIY craft projects. With a natural color fabric, you can use this bag as a painting canvas and it works well with oil paints, water paints and crayons pencils, embroidery, iron-on vinyl transfer and all sorts of crafting techniques. For best results, we recommend you add a piece of paper in the bag to prevent paints and inks permeating into the other side before it dries out.
- Reusable: The bag is made of environmentally friendly natural cotton. Unlike plastic bags that easily breaks, and people usually dispose them after a couple of uses, this strong and sturdy canvas tote bag last for a long time. You get the best bang for your buck and save the environment at the same time.
- Heavy carrying: Bag handle is secured with 3 lines of stitches. That provides added strength and security to prevent the handle breaking off when carrying heavy stuffs. The handle is about 17" inch long. It's long enough to carry it comfortably under the armpit.
- Tips for washing: Machine washable in cold water and line dry.
