Products Description :

Customized Logo Brand Printing Non woven Reusable Gift bag Shopping Bags Retail shopping

Our Non-woven Shopping Bag comes in various sizes to cater to your different needs. From small to extra-large, you are sure to find the right size for your shopping requirements. The bag is available in a range of colors, and we can also customize it with your logo, making it an ideal promotion bag for your brand.

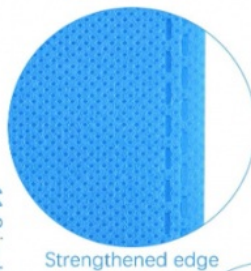

With a weight range of 60gsm to 120gsm, the bag is lightweight, yet durable, making it easy to carry around. The non-woven material is made from long fibers that are bonded together by heat, making it strong and tear-resistant. The bag features reinforced handles that are comfortable to hold and long enough to be carried over the shoulder, making it a durable non-woven shoulder bag that can be used for extended periods without any discomfort.

Our Non-woven Shopping Bag is designed to be reusable, making it a sustainable alternative to single-use plastic bags. With the increasing awareness of the environmental impact of single-use plastic bags, the demand for reusable bags has been on the rise. Our Non-woven Shopping Bag is the perfect solution to this problem.

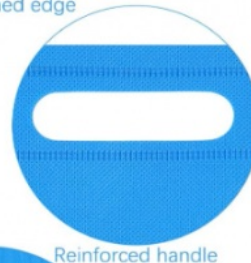

The bag can be printed with your logo using either silkscreen or heat transfer printing. Silkscreen printing is a traditional printing method that uses a stencil to transfer ink onto the bag's surface. Heat transfer printing, on the other hand, uses heat to transfer the design onto the bag. Both printing methods produce high-quality and long-lasting prints that are sure to make your brand stand out.

In conclusion, our Non-woven Shopping Bag is a must-have for anyone who is environmentally conscious and wants to make a positive impact. With its durability, versatility, and customizability, it is an excellent choice for anyone looking for a reusable shopping bag that will last for years to come.
